

## *Pardon our dust (and noise!)*

On April 1<sup>st</sup> the section of the West Seneca Library which houses the Adult Fiction, Dvd's, Computers and Children's Area is scheduled to be demolished.

The West Seneca library staff (and volunteers) are busy packing boxes and shifting materials.

### **After April 1, 2017 -**

- There will be only two adult computers and one children's computer available for public use (however, there will be laptop computers available to use with a library card)
- Reconfigured library floor plan (only one half of library will be in use)
- Limited collections

We apologize for any inconvenience!

The West Seneca Community Center and Library is schedules to open in **May 2018! (Yay!!!)**
