## 2015 Proposed Budget, Including County Executive Recommendations

October 15, 2014

### Operating and Grants - by Line Item Per SAP Structure

---

**Important note:** Contract libraries directly collect revenue including fine, fee, photocopy and printer recovery charges that, while not reflected in the SAP financial system, do offset costs of operation incurred directly by the contracting library (for such things as minor repair, water, sewer and modest other operating expense).

Fine/fee revenue net of the above direct contract library expense is returned to the System to support the contracting libraries' labor expense under the Centralized Human Resources Program (CHR). This return is recorded at the end of the year via the "Refunds-Cont Library" line (SAP 419010).

This Page Intentionally Blank

Reflects County Executive 4-year plan's allocation of property tax base growth impact on the Library Tax Levy. The Library portion of the average County Property Tax rate per \$1,000 of equalized full market value would remain unchanged as the 4-year plan estimates tax base growth at 2.0%.

Use of fund balance helps to partially offset the impact of rising contractually obligated and/or mandated expenses such as for health insurance; retirement; and utilities.

NY State's adopted 2014-15 Budget included a modest restoration of library aid (up 1% over 2013-2014). Total funding is now at the same level as it was in the mid-1990's. 2015 NYS aid estimate is based upon the 2014-15 State Adopted Budget.

SAP library charges/fine revenue reflects activity generated at the Central Library and Buffalo Branch Libraries only. Fine/charge revenue generated at libraries outside Buffalo are collected directly by each library. Fine revenue returned to the System by libraries outside Buffalo to support their labor expense under the Centralized Human Resources Program (CHR) is recorded at the end of the year via the "Refunds from Contract Libraries" line. That line also reflects the impact of increased public printing rates.

All but two payphones were removed by telcom company (decreased usage); vending & food service revenue impacted by lower FTE count at Central Library and long winter.

Continued shift from traditional photocopies to computer print.

Short term interest rates have been running near 0%, even with a modest economic recovery in progress.

The 2012 amount included Erie County's \$2 million interfund revenue subsidy, which was subsequently rolled back into the Library Tax line in 2013.

# BUFFALO AND ERIE COUNTY PUBLIC LIBRARY

Increased public usage; plus 2014 rate increase to recover cost for use of OEM toner in high volume public printers.

2012's amount reflected the extremely successful "Bucks for Books" campaign sponsored by the Buffalo News which included extensive donated advertising. Successive years reflect the target for a Bucks for Books campaign without the benefit of extensive donated advertising.

Assumes contracted 2015 COLAs of 3.0% for AFSCME, 2.0% for CSEA, and 2.5% for Librarians Association members (CSEA and the Librarians Association had been without a contract since 2006 and in August 2014 new contracts were ratified - 2015 budget also includes the rate impact of 2.0 CSEA and 3.0% Librarians COLAs for 2014); a \$0.75 per hour increase in Page & Sr. Page wages related to the 2015 increase in the NY State minimum wage; step increases; and no wage rate changes for remaining bargaining units as no other contracts are yet in place for 2015. The increase in Other Employee Payments will support the unused vacation sell back provision in the above contracts.

See Fringe Benefit Detail below.

1.2% of wages turnover savings factor

Reserve for potential wage & benefit adjustments, including, Contract Library Clerical and Maintenance Union (CMU). non-represented and management confidential employees.

Increase principally reflects the switch to OEM toner cartridges for high volume public computer printers, due to high failure rate of recharged/compatibles in the high volume setting. Print rates were increased to help offset this cost.

Higher usage; more frequent freeze/thaw events.

Change is a combination of the e-Rate shared services discount increasing from 61% to 62% and a modest decrease in sewer charges. The savings was partially offset by a partial phase out of e-Rate funding for basic voice telecom as e-Rate shifts focus to support broadband bandwidth. This line budgets estimated costs net of expected e-Rate discounts.

Prior year amounts principally represent special NYS Senate sponsored "bullet aid" allocations which are non-recurring in nature. Sponsored by Senators Galivan, Grisanti, and Ranzenhofer, the bullet aid has placed an emphasis on public access to and use of technology. and often designated for targeted uses - e.g. technology.

Reduced legal and communications services expense partially offset by increases in advertising/promotion; digitization services, conservation of rare book items; SIRSI software maintenance; and RFID tags (RFID tags are charged to this account per SAP as they feature custom printing of the Library's nameplate).

Increase reflects bid results for fire safety and security system maintenance which came in higher than the previous contract.
