

# HANDS-ON COMPUTER TRAINING

## Organizing your Computer Files & Folders

*Do you ever lose anything you've saved to your computer? Can't find that picture you wanted to attach to an email? This class shows how to save files to the computer so you can find them again! Use these skills to arrange your digital photos into album folders or organize other files. This class is based on using a Windows 10 computer.*

**Friday, January 25**

**1:30-3:30 pm**

Skill Level: Intermediate

Requirements: Mouse and typing skills,  
flash drive (optional)

Registration  
required.
