

Friday Afternoon Science

Fridays, August 10, 17, 24 and 31

At 3:00pm

In the North Collins Library

On select Fridays in August, we will focus on a different science topic. Kids ages 6-12 will be able to perform hands-on experiments in the library!

8/10: Light and optics

8/17: Sound

8/24: Air and Water

8/31: Electricity and Magnetism
