Photosynthesis Description: Welcome to the world of Photosynthesis, the green strategy board game! Plant and shape the ever-changing forest as you cultivate your seeds and your strategy. Take your trees through their life-cycle, from seedling to full bloom to rebirth, and earn points as their leaves collect energy from the revolving sun's rays. Carefully pick where you sow and when you grow, as trees in the shadows are blocked from light, and from points. This game features realistic gameplay and beautiful graphics.
