Shady Pets Card Game Images, Video Links & Play Information

Shady Pets Card Game: Shady Pets is a highly strategic card game that requires you to play in a most shady way as you strive to correctly guess the identity of the mystery pets. It's a little like Clue, Uno, and Exploding Kittens. You have to steal, take, show, sneak peak, expose, ambush, stop other players, grab, and even throw an occasional octopus at an opponent on your way to victory.

As players take turns, the game gets more intense because, just like you, everyone is getting closer to solving the mystery pets, yet who is going to play the best game, collect the most points and win the game?

We think Shady Pets has all the elements that make games popular. It makes players laugh with its clever sayings and endearing artwork. It presents multiple levels of strategic play that will test your memory and deduction skills. You get to attack your opponents (in the most unusual way) and you get rewarded for taking chances!
