Number of Players: 3-6 Players (Best: 4-6)

Ages: 10 and Up

Play Time: Varies

kNow! Images, Video Links & Play Information

kNow! Thanks to the Google Assistant, the quiz game kNOW! asks questions that would never have been possible before in a tabletop game. The answers to many of the 1,500+ questions change daily and vary depending on where you play: "When will the sun rise tomorrow?", "How far is it from here to Honolulu?", or "What time is it in Sydney now?" Google's free digital voice assistant has the answers to these and many other questions. Players might also be challenged by tongue twisters and other odd phrases. For additional variety, new questions and theme specials will be added "in the box" for free.

Thanks to the digital timer, the game takes as long as players want, with a rules explanation via the Google Assistant. If you don't have online access, kNOW! is still playable without the voice assistant.

The game comes in two versions, one featuring only the game and one packaged with a Google Home Mini.
