Bank Account Images, Video Links & Play Information

Bank Account: Bank Account is a realistic simulation with true-to-life money management demands. Players write checks, make deposits, keep accurate records, and reconcile accounts. Real life transactions include paying medical, grocery, utility, legal, property tax, and other common bills. Players make purchases, collect earnings, deposit tax refunds, receive scholarship money, etc. The winner is the first to build a bank account of \$5,000.

Features

- Learn how to write checks, balance checkbooks, and handle cash while encountering realistic life events
- Preliminary Activities teach players how to fill out checks, deposit slips, and a checkbook register
- Hands-on money and banking game will keep kids motivated to learn
- Supports state and national mathematics standards
