Clue: The Big Bang Theory: Game description from the publisher:

Someone has meddled with one of Sheldon's sacred belongings and he isn't taking it lightly. He's sequestered 6 of his so-called "friends" and created a white board to analyze who did it, what heinous deed was done, and where the act of vengeance took place. Did Penny dog-ear the comic-book in the laundry room? Or did Howard dismantle the Shelbot in the stairwell? Only YOU can help Sheldon determine who the culprit is or bear witness to a life made miserable by a scorned man!
