BOARD OF TRUSTEES BUFFALO & ERIE COUNTY PUBLIC LIBRARY MEETING DATE: 3/18/2021

AGENDA ITEM NUMBER: E.2.b.

Budget & Finance Committee, Preliminary Financials for the Month Ending **12/31/2020**

BACKGROUND:

The attached report provides a summary of revenue and expenditure performance in the Library's Operating Budget for the year as of the December 31, 2020 preliminary year-end close. Final figures are subject to change as the outside audit process proceeds. The report also details monthly activity for December. Overall, the Library operated within its budget. Revenue ended the year at \$27,524,816 which is 93.3% of budget. However, excluding budgeted use of fund balance, current year revenue ended the year at 96.9% of the budget for those items. Operating expenditures, excluding encumbrances and funds reservations, ended the year at \$26,240,244 (87.1% of budget). Including encumbrances and funds reservations, we ended the year at 88.3%. Items of note include:

REVENUE:

- ✓ **Property Tax for Library Proceeds Booked.** The full \$25,409,158 Library Tax allocation was booked to the Library Fund in January.
- ✓ **New York State Library Aid payments total ended BELOW budget.** Library aid payments are normally released by the State beginning two to three months after the State's budget is enacted. The initial payment represents approximately 90% of the total for the year. The Library's 2020 budget assumed NY State library aid at 2019's funding level. The enacted New York State 2020-21 budget reduced library aid by 2.6%, resulting in an operating budget reduction of approximately \$58,252 and a recurring grants reduction of approximately \$17,899. Further, the State's enacted budget contains provisions that could have resulted in substantial additional cuts mid-year. Please see the *COVID-19 IMPACTS* section of this report.
- Library fine/fees revenue was also running at budget in January/February before being curtailed by the Library's New York State Stay-at-Home order related closure beginning March 17, 2020. Recognizing the impact on our patrons including difficulty in returning materials to closed facilities, all due dates were extended until June 29, 2020 so no new fines were incurred during the COVID-19 related closure. Revenue began to partially recover as libraries were open to the public over the summer and early fall. With the Governor placing much of Erie County in an Orange Micro-Cluster Zone effective 11/20/2020 due to growing COVID-19 presence in the community at that time, many libraries shifted back from in-building to walk-up and/or curbside service. This curtailed revenue further. Use of downloadable eBooks and eAudiobooks has increased dramatically; however, as they expire automatically on their due date, they are never late and no fines accrue. Fine revenue ended the year at 50.0% of budget.
- ✓ Copies, Printing, Book Bag, Minor Sale, Rental and Commissions Food Svcs revenue came in well above budget in January-February before being curtailed by New York State Stay-at-Home order related closure beginning March 17, 2020 and reduced activity levels since the phased reopening began in June. It was further impacted by the move to Orange in November.
- ✓ **Refunds Contract Library** revenue represents a return of fine revenue collected by contract libraries in excess of local expenses of those libraries. The revenue is transmitted as part of the year-end closing process and will also be significantly impacted by COVID-19 related curtailments.

EXPENSE:

- ✓ Salaries and wage expense ended the year under budget. Overall, year-to-date Net Personal Services expense consumed 84.2% of the budget. Monthly wage expense for part-time employees fell from \$198,774 in October to \$170,074 in December, reflecting the shift to and Orange zone for much of the county. December part-time wage expense was \$183,516 lower than the \$353,591 spent in December 2019. This reflects the phased reopening and implementation of Orange Zone restrictions impacting the public's use of the library.
- Fringe Benefit expense ended the year under budget at 97.6% overall. Usage trends and negotiated increased employee contributions contributed to Active Employee Health Insurance cost ending under budget at 92.3% (5.8% below 2019). Retiree medical charges also ended the year under budget, coming in at 94.3% of budget (the amount was 4.2% above 2019). Reduced use of medical services during COVID-19 related stay-at-home orders was a major factor for both active employees and retirees, that trend appears to be reversing as reopening occurs. Said expense is subject to significant swings due to changes in usage by retirees. Unemployment insurance expense reflects the transition of part-time staff to unpaid status during COVID-19 library closures and a gradual partial return to service as reopening occurred, with the year-end total of \$379,870 well above the \$13,085 expended in 2019. The Federal CARES Act passed in March is anticipated to provide a 50% offset of unemployment insurance expense through December 31, 2020 however New York State needs to update their systems to pass this savings on to employers which the State Department of Labor indicated would take the form of a credit applied at a later date. Additionally, on January 14, 2021 the New York State Department of Labor (DOL) Commissioner signed an order that will effectively credit back all pandemic related unemployment expenses sometime in the future. Erie County and the Library are self-insured for Unemployment and Workers Compensation. In normal years that saves significantly over rates most employers pay. This was NOT a normal year.
- Interfund Expense Utilities: YTD savings reflect a milder winter, lower Natural Gas rates, COVID-19 related closures/reduced hours, and last year's LED conversions saving electricity. Natural gas charges of \$125,177 ended the year at 78.8% of the 2020 annual budget, reflecting seasonal variation and reduced operations due to COVID-19. Expense was 14.1% LOWER than the \$145,641 paid in 2019. Likewise, electricity charges of \$422,782 ended the year at 66.8% of the 2020 annual budget and were 16.9% BELOW the \$508,976 paid in 2019. Reduced electricity cost also reflects reduced usage due to COVID-19 related reduced operations.
 - Combined, 2020 interfund utility charges of \$547,959 (69.2% of budget) were well below budget and they were \$106,658 (16.3%) below 2019. The impact of COVID-19 related closures was a significant factor. The Library participates in Erie County's aggregated utility purchasing pool which saves costs compared to retail pricing.
- ✓ Interfund Expense Holding Center and Correctional Facility reimbursements ended the year at 26.5% and 34.2% respectively, well below budget: This credit expense account reimburses the Library for services provided at the Holding Center and Correctional Center. Library operations in both locations were suspended for much of the year due to the COVID-19 pandemic.

COVID-19 IMPACTS AND PROJECTIONS:

As we all know, actions at the federal, state, and local level to protect public health and mitigate the spread of COVID-19 have severely disrupted how we go about our daily lives. On March 17th all physical library buildings closed, all but essential employees and most of the public staying at home to reduce virus spread. These closures remained in full effect through the end of May, with library services having shifted to a virtual environment with virtual program attendance from mid-March through the end of May exceeding 152,000. Virtual programs continued during the Library's gradual reopening process with virtual program attendance ending the year at 321,844. Downloads of eContent (audiobooks, eBooks, music and video) also increased significantly, to 1,615,545 in 2020, which is 312,861 (24.0%) higher than 2019.

Timing of safely reopening and remaining open is subject to the Western New York Region being able to meet criteria set by Governor Cuomo. As of this writing, Western New York continues in Phase Four (See: https://forward.ny.gov/regional-monitoring-dashboard). This allowed a gradual phasing in of library services beginning with curbside/walk-up pick-up services at multiple locations on June 1st, with a number of libraries opening to the public on a limited basis beginning June 8th. As of July 6th, all but one library had reopened, with the Lake Shore Library reopening on July 27th after construction replacing its HVAC system was completed. With the Governor placing much of Erie County in an Orange Micro-Cluster Zone effective 11/20/2020 due to growing COVID-19 presence in the community at that time, many libraries shifted back from in-building to walk-up and/or curbside service through December 26th, gradually resuming in-building services the week of December 28th.

Understandably, economic activity has been severely impacted, with losses of wage, business and governmental income swelling to unprecedented levels. Massive federal aid programs have been enacted to help mitigate wage and business income losses. Much of Federal CARES Act assistance expired in 2020, with some assistance renewed at reduced levels in early January. The enactment of the *American Rescue Plan Act of 2021* into law on 3/11/2021 will provide significant assistance going forward, including aid to address state and local governmental revenue losses caused by the pandemic.

Potential Impacts to NYS Library Aid:

September 2021.

According to statements by the Governor, the State's budget deficit now stands at \$15 billion, mostly related to revenue loss. On January 7th 2021, the NYS Comptroller in a continuing series on *New York's Economy and Finances in the COVID-19 Era* reported on recent economic trends impacting both NY State and local governments. He noted that "More than 2.1 million New Yorkers collected unemployment benefits in the latest available weekly counts from the federal and State Departments of Labor. For the week ending December 12, just over 1 million New Yorkers claimed Pandemic Unemployment Assistance (PUA), the program available to self-employed and "gig" workers who may not be eligible for traditional unemployment benefits, as well as certain individuals who are still working but have lost work hours due to the COVID-19 pandemic. More than 749,000 New Yorkers claimed Pandemic Emergency Unemployment Compensation (PEUC) for that week. PUA and PEUC, which are entirely federally funded, were both extended into March as part of the latest federal stimulus legislation. Another 390,000 New Yorkers claimed unemployment benefits under the regular State program for the week ending December 19."

See https://www.osc.state.ny.us/reports/covid-19-january-7-2021 for details. The *American Rescue Plan Act of 2021* further extended unemployment assistance through early

COVID-19 IMPACTS AND PROJECTIONS (continued)

The State's 2020-2021 Enacted Budget spending plan included provisions allowing the NYS Budget Director to propose across-the-board reductions to discretionary expenditures to rebalance if revenues fall 1% or more below budget or expenditures exceed 1% or more above budget. The Legislature would then have 10 days to prepare/adopt its own plan. If not, the Budget Director's plan would go into effect. Should the State have to implement 20% cuts in aid to local governments/schools, loss of state aid to the B&ECPL in 2020, already cut 2.6% in the Enacted Budget, would swell to approximately \$496,900 in the Operating Budget and \$152,679 in the Library Grants Budget (\$649,579 combined – 2.2% of the Library's 2020 combined Operating and Recurring Grants Budget). NY State recurring aid received by the Library in 2020 had been at 80% of the scheduled amount and well behind the normal distribution schedule. As of this writing, indications are that the passage of the *American Rescue Plan Act of 2021* will lead to some or all of the 20% aid withheld being released in 2021 (withheld amounts total \$438,648 in the Library Operating fund and \$137,779 in the Library Grant's fund. The Library did receive the 20% withheld balance for one of the aid programs, Local Services Support Aid in the amount of \$39,255 on 3/5/2021, which is a positive sign.

Potential Impacts to Erie County:

Erie County faced significant challenges driven principally by losses in sales tax, hotel tax, and related revenue. The withheld 20% State aid to the County compounded the problem. County Executive Poloncarz had indicated that without substantial federal aid to offset revenue loss, cuts to County services could be severe. He had tasked General Fund Departments to develop budget plans by May 15th to cut costs by 13.1% if needed. That plan, projecting a 2020 budget deficit of \$137,800,000, was subsequently transmitted to the Erie County Legislature on June 4, 2020.

The plan was essentially a worst-case plan, assuming a prolonged "swoosh type" recovery; no new federal aid to offset revenue lost; and a 20% cut in New York State Aid to the County. Recent revenue losses have been less severe. The County's Budget Monitoring Report (BMR) for the period ending November 30, 2020, issued on January 5th, noted:

"The BMR reflects that for the first eleven months of 2020 the County has a positive variance of \$923,307. This positive variance is largely due to continued cost cutting measures as authorized in the mid-year deficit remediation plan as well as better than expected sales tax receipts.

The BMR also includes projections for year-end 2020. They show a projected year-end 2020 positive budgetary variance of \$530,150. This is a projection, subject to change due to sales tax receipts, New York State or Federal actions, or other accounts." See: https://www2.erie.gov/budget/index.php?q=budget-monitoring-reports

The *American Rescue Plan Act of* **2021** will provide an estimated \$178 million to assist Erie County. In his COVID-19 briefing on 3/9/2021, County Executive Poloncarz indicated that direct aid to municipalities can be applied to:

- Costs associated with responding to the COVID-19 public health emergency or its negative economic impacts;
- Revenue losses caused by the COVID-19 public health emergency; and
- Necessary investments in water, sewer, or broadband infrastructure.

Memo Page 5 of 5

COVID-19 IMPACTS AND PROJECTIONS (continued)

Library Budget Response and Planning to Prepare for the Future:

While not part of the County General Fund, it was prudent for the Library to pursue budgetary savings to offset potential losses in library operating revenue and NY State funding. Consistent with state and local law, the savings generated first offset lost state aid and library operating revenue and then fall to Library Fund balance to help address potential challenges in 2021.

The attached financial report reflects 2020 revenue and expense impacted by Pandemic related closures and phased reopening, adjusting to activity levels that have not yet recovered to pre-pandemic levels. With much of Erie County in an Orange Micro-Cluster Zone effective 11/20/2020 due to growing COVID-19 presence in the community at that time, revenue was again curtailed as many libraries shifted back from in-building to walk-up and/or curbside service through December 26th, gradually resuming in-building services the week of December 28th. Savings were achieved through: controlled hiring and extended vacancy control for full and regular part-time positons; reduced part-time workhours; utility savings from COVID-19 related closures and phased reopening; curtailed other operating expenditures; and reduced library material purchases.

These conditions and the actions in response, led to Library operations in 2020 ending the year with a net contribution of approximately \$1.3 million towards fund balance.

ACTION REQUIRED: None - Informational Report
