The Public Library System Aid helped to support the wages and fringe benefits for staff members of various departments of Buffalo & Erie County Public Library (B&ECPL) such as Shipping, Interlibrary Loan, Technical Services, and Processing department who are imperative in providing prompt access to needed information and materials for our patrons. These departments are responsible for the movement of library materials from acquisition to the various locations in order to fulfill patrons' needs and requests at any of the 37 physical locations throughout the County of Erie.

In addition, this aid assisted in meeting the personnel costs in B&ECPL's Technology Services department, including the Library's information technology staff members who oversee the System's integrated network system and present an informative and easy to use website, catalog and reference service to remote library users.

B&ECPL's information technology staff continued to find innovative and interesting ways to improve patrons' access to information, including the use of social media outlets. Network support and communications staff members are also responsible for the maintenance of the public website. B&ECPL's website: buffalolib.org, provides 24/7 access to electronic and downloadable materials.

B&ECPL's Chromebook and Hotspot lending program continued, making it possible for patron to borrow these items for their personal use.

Library System Basic Aid supported staff costs for those B&ECPL departments that provided consulting and technical support for member/contract libraries through staff expertise and assistance related to finance, governance, automation, technological support, borrower services, collection development, and human resources. Additional consultation was provided to the contract/member libraries with applications for, and implementation of the State Library Construction Aid program. By providing this assistance from the System, public service staff at the member libraries were freed from these duties and able to focus attention on patron needs including reference assistance and programming.

Finally, this aid supported B&ECPL staff costs for those departments that provide coordinated system services such as electronic access to databases and other electronic resources, including B&ECPL's "TechKnow Lab" which provided computer training to patron and staff members at locations throughout the system. The "Book a Technology Trainer" program provides one on one training on the newest technologies. B&ECPL's "Launch Pad" makerspace has become a resource for those patrons with a creative flair, providing hi tech resources including 3D printer, audio and video studio space, as well as lo-tech resources including sewing machines, knitting supplies, and button making machines and supplies.

Consolidation of utility purchases, office and library supplies purchases, and equipment purchases, resulted in both cost and time savings for the member/contract libraries. The supply items acquired at the System level than distributed via the Shipping department to the various locations of the Buffalo & Erie County Public Library system.

In addition, the Human Resources department provided much needed support to the various departments and locations of B&ECPL system, by developing staffing plans and providing on-going training options. B&ECPL's Centralized Human Resources program provides centralized payroll, civil service and human resource activities for all member/contract libraries.

Also included in this aid are funds that are provided to member libraries to cover operational costs.

Central Library Services Aid was used to continue to provide access to a major database used by Buffalo & Erie County Public Library (B&ECPL)'s Central Library staff and patrons. From Proquest, B&ECPL extended its access to Ancestry Library, an excellent online resource for patrons doing genealogical research. This resource is a greatly used in the Central Library's Grosvenor Room, a center for local history and genealogical research. .

Central Library Aid (CLSA) helped sustain the Grosvenor Room/Special Collections department at the Central Library. Staff from the department respond to the bulk of Buffalo & Erie County's (B&ECPL) specialized email and telephone reference requests; and promote and exhibit the B&ECPL's rare book collection, making the Central Library a focal point for tourism and research throughout Erie County and beyond. CLSA was utilized to supplement wages of staff who planned and implemented many of the programs and exhibits held at the Central Library. In 2024, the Special Collections department create the exhibit: "Four Centuries of Bookbinding: The Jordan Collections," highlighting items from the Central Library's Rare Book Room collection that "are beautiful and representative of the artistry of fine binding."

Rare Books 101 was another program curated by the staff of B&ECPL's Special Collection department, providing Central Library visitors with an introduction to the "Rare" book, and highlighting many of the items from B&ECPL Special Collection.

The Grosvenor Room/Special Collections staff also created smaller exhibits related to local history, including the 60th anniversary of the building of the Central Library, as well specific exhibits for the Central Library Mark Twain room.

CLSA also provided funding for staff who assist library patrons in using public access computers and who shelve and retrieve items in the various collections throughout the building.

14. Summary of Library System Accomplishments

System Accomplishments

Using the goals from Section 4 in the approved 2022-2026 System Plan of Service, **BRIEFLY** describe the final results of each element for Year 3 (2024).

"[Cooperative Collection Development: Develop and maintain collections that reflect and support all B&ECPL libraries and their diverse communities.] Collection Development ordered print, media, and downloadable materials for all member libraries and managed on-demand checkout of eBooks, eAudiobooks, music albums, and digital video via hoopla. Over \$250,000 was allocated to member libraries to supplement centralized selection and address local community needs. Member libraries were sent 3 surveys to gauge satisfaction with topics, formats, and quantity of materials ordered. A detailed Collection Development training program was developed and offered to libraries. The "Collection Connections Crew" continued to provide member libraries guidance on collection management as well as initiatives like Lucky Day Collections and centralized storage for selected media. Overall circulation totaled 7,256,779, including Digital checkouts from OverDrive and hoopla which amounted to over 2.2 million (eBooks: 1,064,883; eAudiobooks: 840,996; eMagazines: 287,165; videos: 14,568; music albums: 2,839). 126,608 items were added in traditional print and media formats. 63% of 8,406 online suggestions were purchased. Books in Arabic, Burmese, Persian, Somali, Spanish, and Swahili were allocated to 15 libraries. Holds were monitored and additional copies ordered to meet demand. [Integrated Library System: Support, maintain and enhance an Integrated Library System (ILS) that responds to user needs.] The Library is currently in the fourth year of a 5 year contract renewal with SirsiDynix. During this time, SirsiDynix released regular system upgrades for BLUEcloud Central, BLUEcloud Analytics, and Enterprise. On January 1, IT copied over production to test, which updated the Workflows and Enterprise test environments. IT also updated production and test to Red Hat Enterprise Linux 7.9. Cash drawer software within our current SirsiDynix system was implemented at 11 libraries. Enhancements for patrons included the addition of the call number field on receipts. Out-of-County fees were discontinued beginning March 1. A new Circulation Committee was established in April to reduce barriers to patrons. Work was completed on a new patron suggestion form, to be implemented January 2025, and a new online registration form is in development. SirsiDynix's BLUEcloud Analytics tool continued to track grants and inform administrative decisions. The ILS Team attended SirsiDynix virtual conferences, the annual customers' user group conference, and other staff development trainings to learn about new products, product enhancements, and product features. [Delivery: Provide timely and efficient delivery services via System vehicles and by mail.] Transport of all library materials within the B&ECPL System is done through the Shipping Department at the Central Library. [Digitization Services: Provide local content management system and digitization services for select special collections; provide guidance for outsourced digitization and off-site content management, including backup and storage for long-term sustainability.] The staff of the Grosvenor Room continued to add resources to digital platforms and designed programming and services to inform the public and member libraries about resources available. This included classes highlighting our digital collections as well as partnerships with educators to bring these materials into the classroom. Our digital materials received over 3.3 million page views across 3 platforms. The Special Collections department is also working to finish a long-standing project with the Digital Scriptorium, a consortium of institutions with collections of premodern manuscripts. This project should bring additional attention to our collection of recently digitized medieval manuscripts to scholars around the world. Staff designed a System-wide survey in 2024 to gauge interest in training opportunities for staff and information regarding collections that may be added to our digital collections in the future. [(Other): Provide System-coordinated, centralized library services that are cost-effective and ensure efficient operations and outstanding services to the residents of Erie County.] Services to member libraries include: centralized payroll and human resources; centralized collection development and processing of library materials; consolidated purchasing services and supply fulfillment; publicity and graphics support for library programs and events; administration of the E-Rate program for all libraries; and centralized delivery services of materials to all libraries. [Ensure library staff, trustees and volunteers are versed in current System initiatives and services through the dissemination of information.] Development & Communications worked to increase awareness among internal and external constituents via onsite and virtual meetings, email, phone, printed materials, outreach events, and staff and community surveys. Administration presented and created informational documents on grants, budgets, governance, and state and county advocacy initiatives. Weekly social media posts sent to all libraries were created by Development & Communications. Content addressed System-wide priorities, public programs, library policies, and advocacy efforts. Coordinated delivery of public messaging reinforces the Library brand, using one voice to share information on initiatives, advocacy, and services. The monthly System Director's report highlighted 28 media interviews/photo ops in 2024 featuring the Library Director, Administrative staff, and managers on topics including book deserts, book banning, the new Teen Space, technology training, and downloadable services. 10 mass email updates were sent to between 2,000 and 100,000+ library cardholders, friends, staff, volunteers, media, donors and elected officials throughout 2024. Messaging was devoted to System-wide updates, surveys, and public programs such as Black History Month, teen programs, fundraisers, and digital literacy training. [Ensure library initiatives, programs and services are conveyed to elected officials in an impactful manner to increase support.] In-person and virtual meetings, presentations, emails, calls, and written correspondence increased awareness among elected officials about library services, programming, capital projects, and budget priorities, including: Return on Investment brochure, annual statistics, Annual Report of the Director, media releases, invitations to special events, letters, posters, and flyers. Contact information is on the website for each library's elected representative from the county, state, federal, and City of Buffalo (if applicable). 14 representatives from B&ECPL Administration, System trustees, and member libraries attended Library Advocacy Day in Albany on February 7, 2024 meeting with the offices of 13 state legislators. 6 administrators also participated in 4 meetings with state lawmakers in the fall to encourage support of increased funding in the 2025 budget. A media event was held in the Central Library in partnership with the Erie County Executive's office and state officials to unveil secured funding for a green roof project at the Central Library. In October and November, 1,696 Library patrons signed letters addressed to their Erie County Legislator encouraging passage of \$30.9 M + in funding for libraries, with an opportunity to note the library services they value. The letters were dropped off to lawmakers. The budget successfully passed.
