At approximately 4:35 p.m., Director Jakubowski excused herself and disconnected from the conference call for the remainder of the meeting.

Agenda Item D.1 - Committee Appointments. The Committee Appointment List was included in the mailed board packet. Ms. Burd moved for approval and was seconded by Ms. Glanowski, whereupon committee assignments were approved unanimously. Mr. Connors asked Committee Chairs to schedule future meetings.

At 4:36 p.m. the meeting was temporarily adjourned to resume following a brief tour of the Central Library second floor west project area. The group reconvened at 4:45 p.m. to continue with the meeting agenda.

Continuing with the Report of the Chair, Mr. Connors reminded trustees of the following invitations:

- Erie County Legislature Majority Caucus Open House following the Board meeting from 5 – 7 p.m.
- B&ECPL Board of Trustees Training Session on March 8th from 9 – 3 p.m. at the Central Library. Gerry Nichols will be presenting. A second session is being looked into for those unable to attend.
- Mayor Byron Brown’s State of the City Address, February 21st at noon; tickets were distributed to those trustees who RSVP’d.

Mr. Connors commented staff is currently working on assembling information for the audit by the Erie County Comptroller’s office.

As also mentioned in the February 13th Executive Committee Report, Mr. Connors updated trustees on an encouraging phone conversation he had with the Governor’s Office regarding clarification on their support for the Library District Initiative (LDI). The Library was assured the Governor’s Office sees libraries as candidates for consolidation as evidenced by the fact the Governor has already signed off on some districts. New York State Librarian Bernard Margolis was also present on the call; he offered the B&ECPL his support and assistance and conveyed how important the creation of a district is not only for Buffalo & Erie County but for other districts within the state. Imparted was that B&ECPL is the largest district looking into this; other large libraries in the state are looking at Buffalo to see what the outcome may or may not be.
Mr. Connors reminded trustees the NYS Education Department, Board of Regents, has endorsed the district concept right along; the State Librarian has totally endorsed it.

Trustee Burd inquired if there has been any interest from local state officials. Mr. Connors replied we really haven’t talked to anyone [specifically about the draft legislation]. The Board wants to get our conversations on draft legislation with both offices of the Mayor and County Executive to a point where they are comfortable with it whether they agree with it or not, and then have conversations with state representatives about possible sponsorships.

Agenda Item E – Committee Reports.

Agenda item E.1 – Executive Committee. Mr. Johnson read the following report of the February 13, 2014, Executive Committee meeting:

Present: Executive Committee members Jack Connors, Ted Johnson, Sheldon M. Berlow, Sharon M. Kelly and Elaine Panty. Director Mary Jean Jakubowski, COO Carol Batt, Deputy Directors Jeannine Doyle and Dawn Peters and Library Administrative Assistant Maria Borowiak were also present.

Chairman Jack Connors called the meeting to order at 4:06 p.m. in the Joseph B. Rounds Conference Room of the Central Library. A quorum was present.

Mr. Connors reviewed the 2014 Committee Volunteer Appointments. A complete listing will be provided in the February board packet.

Mr. Connors requested the Board be provided a walkthrough of the Central Library 2nd floor west space currently under construction at the February 20th Board meeting. Ms. Batt will look into arranging this.

Mr. Connors updated trustees per Resolution dated February 6, 2014 from the Erie County Legislature, the Erie County Comptroller’s Office will perform audits of the Buffalo & Erie County Public Library at their discretion. The Library has not been contacted for a meeting at this point. Discussion ensued.

Trustees were informed the Republican Caucus requested a copy of the Library District Initiative (LDI) draft legislation.

Mr. Connors also updated trustees on a conference call he and Director Jakubowski had with Lonnie Threatte of the Governor’s Office regarding clarification of the Governor’s view on the B&ECPL moving forward on the LDI in light of the proposed budget. Bernard Margolis, State Librarian, also took part in this conversation. Per the Governor’s Office request,
Ms. Jakubowski is sending a packet of information on the LDI which they will review, share with the next level up and continue further conversations with the Library. Discussion ensued.

Ms. Panty moved, and Ms. Kelly seconded a motion to go into executive session at 4:30 p.m. to allow Assistant Deputy Director Jeannine Doyle to provide an update on current union contract negotiations. Attendees were not excused from the room. Executive session ended at 4:38 p.m. on a motion by Ms. Panty, seconded by Mr. Berlow. No action was taken in executive session.

Mr. Johnson discussed the January 22, 2014, Joint Planning and Budget & Finance Committee meeting where it was agreed that language regarding holding a special election should be removed from the draft legislation and the current five year trustee term currently in the draft legislation might be better changed to a three year term, and this recommendation was to be brought to the February 20th Board meeting. Mr. Berlow voiced that no changes should be made to the draft legislation until the City responds with their recommendations. The Committee discussed a deadline should be set for response from the City.

Ms. Jakubowski updated trustees on a meeting she attended with the Ewell Free Library Board of Trustees whereat they asked the Ewell Free Library be added to the draft legislation. Currently the lawyers are discussing issues dealing with real property, the building, etc.

The Committee reviewed the agenda for the February 20, 2014 Board of Trustees meeting. The Policy Committee is scheduled to meet at 3 p.m. prior to the Board meeting to review Attorney Patrick Martin’s recommended changes to Proposed Res. 2013-46 Amend Policy for the Loan and External Exhibition of Rare and Unique Materials under Unfinished Business which was previously referred back to Committee at the December 19, 2013 Board of Trustees meeting.

There was no other business to come before the Executive Committee.

The Executive Committee meeting adjourned at 5:00 p.m. on a motion by Ms. Kelly, seconded by Ms. Panty.

Mr. Johnson asked Mr. Berlow to contact Mayor Byron Brown to check on the status of his response to the LDI draft legislation; Mr. Berlow conveyed he is in the process of doing this.
Agenda Item E.2 – Joint Budget and Finance and Planning Committee. The following informational report of the Joint Budget and Finance and Planning Committee meeting held January 22, 2014, was included in the mailed February board packet.

Present: Budget & Finance Committee - Chair Jack Connors, Member Sheldon Berlow; Planning Committee - Chair Ted Johnson, Members Sheldon Berlow, Jack Connors and Elaine Panty; System Trustees Teresa Glanowski and Wayne Wisbaum; Director Mary Jean Jakubowski; COO Carol Batt; CFO Kenneth Stone; Assistant Deputy Directors Joy Testa Cinquino, Jeannine Doyle, Dawn Peters and Doreen Woods.

Committee Chairs Connors and Johnson called the joint meeting of the Budget & Finance Committee and Planning Committee to order at 5:35 p.m. in the Joseph B. Rounds Conference Room of the Central Library.

Budget & Finance Committee Chair Connors welcomed everyone and explained the purpose of the meeting was to review a 10 year financial projection, which was requested by System Trustee Dr. Rhonda Ricks. Mr. Johnson asked CFO Ken Stone to present his findings.

CFO Stone noted he developed a base plan (2014 – 2023) and provided an overview of how figures were determined, including use of percentage estimates regarding health care and retirement costs found in the County’s 4 Year Financial Plan. In addition, economic trends were used beyond the first 4 years. Mr. Stone cautioned that there are many, many factors that can affect outcomes and often change significantly and with short notice. He provided the example of the County’s figures in the 4 Year Financial Plan for 2013, which projected the potential of a $1M loss in funds for the Library. This, however, did not come to fruition and thankfully the Library received $300,000 in restoration funding.

Key takeaways from the presentation include the following:

- Base plan projects modest gaps ranging from 1.1% in 2015, peaking at 3.2% in 2023;
- Gaps of above magnitude could be addressed by modest changes implemented over time, ie. staffing reductions through attrition, limiting growth in other operating and library materials accounts, etc.;
- Gap closure methods do have service impacts....potentially forcing reduced open hours and limiting response to new demands;
- County funding history – past decade demonstrates 3 significant funding reductions to Library, 24.5% in 2005, 6.7% in 2009 and 4.5% in 2011;
Even with restorative funding in 2013 and 2014, County funding for libraries is 14.4% ($3.8 M) below funding received in 2000; consumer prices have increased 38% over same time period;

Predicting County funding capacity into the future is problematic – volatility of sales tax, mandated costs, health insurance cost growth, etc.;

Library funding constitutes the largest single chunk of County discretionary expenditures – should the County again face significant financial pressure over the 10-year period, the Library would be significantly impacted.

CFO Stone, using projection equipment, demonstrated the ripple effect of both modest changes in assumptions. He noted the difference between the current funding structure and that of a library district is that a reduction situation is far less likely to happen.

Planning Committee Chair Johnson thanked Director Jakubowski and CFO Stone for the presentation and time it took to prepare. He then spoke to the District Initiative explaining Ellen Bach, Attorney with Whiteman, Osterman & Hanna, is communicating with Deputy County Executive Richard Tobe on language in the draft legislation for the District.

Mr. Johnson expressed to the group his thoughts regarding the length of trustee terms asking the Committee their opinion regarding the 5 year term currently in the draft legislation. Mr. Johnson expressed there was some question regarding trustee responsibility and accountability. Discussion ensued. Mr. Connors asked Director Jakubowski to look into the other special legislative district public libraries trustee appointments and see if there was a pattern of 3 or 5 years.

Planning Committee Chair Johnson raised concern and asked if the Committee would consider modifying Section 2 Election to eliminate language indicative of holding a special election. Discussion ensued. Attendees agreed the language regarding holding a special election should be removed and that any vote regarding District matters should be held at the general election. Mr. Johnson indicated he would bring this to the Board for discussion.

Trustee Glanowski questioned how Board vacancies will be filled. Director Jakubowski indicated she would look into the draft legislation and report back to the Committee.

Planning Chair Johnson briefly discussed the County Executive’s concerns regarding the proposed District’s buying power and the responsibility of the
County. Much of this pertained to the Central Library building. Discussion ensued.

Trustee Wisbaum spoke to ongoing communication with all parties involved, including the County Executive. Discussion ensued.

Mr. Connors indicated there was some confusion regarding the STAR Exemption and the impact on the District tax. Director Jakubowski indicated the STAR Exemption does not apply to the District tax. She noted she will speak with Ellen Bach about other exemptions which may [impact the District tax].

On motion by Jack Connors with a second by Elaine Panty, the meeting adjourned at 7 p.m.

Follow-up by Director Jakubowski:

1. According to the NYS Department of Education Division of Library Development (DLD), 21 special legislative district public libraries have trustees that are elected for 5 years and 26 have trustees that are elected for 3 years.

2. Draft Special District Legislation Section 3 (3) “…All other vacancies caused by resignation, removal, death, or inability to serve shall be filled by appointment by the board of trustees of the public library district until the next annual election, at which time the vacancy shall be filled by election for the remaining portion of the term. In the event there are no candidates from a legislative district in which a vacancy exists, whether for a full term or a portion of an unexpired term, the board of trustees of the library district may appoint an individual who is qualified pursuant to this act for election to the board of trustees to serve on the board of trustees until the next annual election.”

3. Ellen Bach has put the question regarding exemptions to the New York State Real Property Tax Office. Information is forthcoming.

At this time, per the above Joint Budget and Finance and Planning Committee Report, Mr. Johnson entertained discussion on 2 items of concern by the County per Deputy County Executive Richard Tobe regarding the draft legislation – a three year trustee term versus a five year term, and elimination of the special election language. Mr. Johnson suggested an impromptu straw vote be done to obtain trustees’ thoughts. Further discussion ensued. Mr. Housh requested more information be provided before the Board is asked to make a consensus. It was decided that no straw vote or changes to
the draft legislation would be done at this time, allowing the Mayor’s office the courtesy to provide feedback on the draft legislation as was provided for the County Executive’s office.

Agenda Item E.3 – Policy Committee. Chair Panty reported the Policy Committee met at 3 p.m. prior to the Board meeting to review proposed amendments to the Policy for the Loan and External Exhibition of Rare and Unique Materials, Agenda Item I.1 – under Unfinished Business. Mr. Connors requested this item be taken out of order and reported on at this time.

Agenda Item I - Unfinished Business. (taken out of order)

Agenda Item I.1 – Amend Policy for the Loan and External Exhibition of Rare and Unique Materials. Copies of proposed amended Resolution 2013-46 were distributed to each trustee at the beginning of the meeting. Chair Panty explained proposed Resolution 2013-46 was presented at the December 19, 2013 B&ECPL Board of Trustees meeting where it was unanimously agreed to refer this motion back to the Policy Committee to consult with Library Legal Counsel Patrick Martin regarding whether there should be Board approval for the borrowing of some materials due to their value. The Policy Committee met prior to the Board meeting to review Mr. Martin’s recommendations which included language “The B&ECPL Board of Trustees must approve the loan of all materials valued at $50,000 and above,” and the Policy Committee recommends the amended Policy for the Loan and External Exhibition of Rare and Unique Materials for approval by the full Board as presented. Ms. Thomas moved for approval. Mr. Gist seconded. Approval was unanimous.

RESOLUTION 2013-46

WHEREAS, as part of the Buffalo & Erie County Public Library’s (B&ECPL) adopted Organizational Competencies, the Library has put together a new structure for process and review of standing policies to ensure that they remain timely and effective, and

WHEREAS, the Policy Committee used this process to review and make recommendations to amend the Policy for the Loan and External Exhibition of Rare and Unique Materials which was presented at the December 19, 2013 B&ECPL Board of Trustees meeting where it was unanimously agreed to refer this motion back to the Policy Committee to consult with Library Legal Counsel Patrick Martin regarding whether there should be Board approval for the borrowing of some materials due to their value, and

WHEREAS, the Policy Committee consulted with Library Legal Counsel Patrick Martin and included his recommendations in the attached draft of the Policy for the Loan and External Exhibition of Rare and Unique Materials, now, therefore, be it
RESOLVED, that the Board of Trustees of the Buffalo & Erie County Public Library adopts the proposed revisions to the Buffalo & Erie County Public Library’s Policy for the Loan and External Exhibition of Rare and Unique Materials to supersede and replace the prevailing policy, adopted July 21, 2005 and amended on May 21, 2009.

Agenda Item F – Report of the Director. In the absence of Director Mary Jean Jakubowski, Assistant Deputy Director – COO Carol Batt presented the following information. Ms. Batt reported the March 22nd ACT Trustee Workshop agenda will include a condensed presentation of the B&ECPL’s 10 year financial projection as well as a more detailed analysis of the results of the B&ECPL Use and Perception Survey conducted by the Siena Research Institute; an introduction of survey results had been provided at the January 18th ACT meeting held at the Eggertsville-Snyder Branch Library.

NYLA’s (New York Library Association) Library Legislative Day is February 26, 2014. Ms. Batt and Mr. Stone will be leading a contingent to Albany; Ms. Panty will be attending representing System Trustees.

Ms. Batt was excited to share with trustees that the Library has put together a small committee of staff members doing in-depth research on 3D printers and Makerspace. In early April, some Library staff including Assistant Deputy Director Dawn Peters will be attending the annual Computers in Libraries 2014 Conference in Washington, D.C.; one track is an entire day on Makerspaces. Mr. Berlow, Ms. Bucki and Mr. Connors provided additional information on the subjects of 3D printers and/or Makerspaces. Ms. Batt added the intent is for the Library not to just have 3D printers but to do programming around them such as a recording studio, a place to create podcasts, etc. The committee will evaluate what others are doing, prioritize what is the best fit, and look at available space in the building.

Staff is working diligently on the State Report; it is anticipated reports will be brought to the Board in April for review and approval.

Over 26 Community Focus Groups took place in January and February. There are thoughts of scheduling a few more in March. Once the Focus Group meetings are complete, comments and feedback will be compiled and shared with the Board. The plan is to use this information and develop it into the Library’s next set of Goals and Objectives which will start in 2015.
The following was submitted by the Director and transmitted to Board members prior to the meeting:

January Social Networking Highlights:

Facebook Offers Virtual Warmth: With weather phenomena ranging from the famous The Wizard of Oz twister to frigid local temperatures and snowy days, the Central Library Facebook page offered a variety of suggestions for keeping warm and staying entertained throughout January. The formula suggested for surviving one particularly cold evening “… large sweater, warm tea, good book, soft socks, and box of chocolate” was the month’s most popular post, seen by more than 2,800 Facebook users.

Twitter, Libraries, and Hockey: The number of @buffalolibrary Twitter followers surpassed 5,000 in January! This milestone achievement was aided by the Central Library Winter Reading 2014 kickoff event that featured Buffalo Sabres Center Cody Hodgson and his sidekick Sabretooth. Hockey fans generated a record flurry of publicity for the B&ECPL with scores of “Tweets,” “Retweets,” and “Mentions” during and after the duo’s visit. The Library’s Twitter feed can be viewed at (http://bit.ly/10bPpyO).

Flickr Views: The 36th Annual Martin Luther King, Jr. Tribute, the Winter Reading kickoff event, and a Wizard of Oz program were captured in 176 new snapshots posted
to Flickr, the online photo sharing site. The Library’s photostream, viewed more than 10,000 times in January, can be viewed here: http://bit.ly/xDPsx4.

Technology Highlights:

- RFID (Radio Frequency Identification) Developments: At the end of January, 31 libraries were fully up and running using RFID technologies, while 32 were live with circulation. Collection conversion continues at the Collins and Hamburg Libraries.

- Two New Public Training Videos: Technology Trainer Andy Aquino produced An Hour of Computer Training – A Minute of Time (http://bit.ly/1aCJNHw), a fast-paced and fun time lapse production that presents a compressed look into a typical computer training class. The many services offered by the Team are highlighted in Free Computer Classes through the Buffalo & Erie County Public Library (http://bit.ly/1aw4abD), a video created by Trainer Chelsey Lonberger.

- Baum Exhibit Video: Technology Trainer Jordan Smith produced a new video to promote The Wonderful Wizardry of Baum (http://bit.ly/1fqfTXW), the exhibit on display at the Central Library through summer 2014. The video is a short trip down Central’s “Yellow Brick Road” with stops at the Ring of Knowledge, Rare Book Room, and other points along the way.

- IT Administrator Steve Hovey met with Hamburg Library Director Jack Edson and architect Doug Hunter to establish the staging protocol for the switch and cabling moves that need to be made prior to the initial phase of construction associated with the 2014 building expansion.
Public computers were replaced at the Collins, Grand Island, Julia Boyer Reinstein and City of Tonawanda Libraries and servers were upgraded at Audubon, Clarence and West Seneca.

4. Funding/Fundraising

Funding:

The FY 2015 (2014-15) Proposed NY State Budget, released on January 22\textsuperscript{nd}, eliminates a $4,000,000 restoration of State Library Aid approved by the Legislature and included in the FY 2014 (2013-2014) Enacted Budget. This represents a 4.7\% reduction in aid over the State FY 2014 (2013-2014) Enacted Budget.

The impact for B&ECPL would be a reduction of $119,901 from the FY 2014 Enacted NY State Budget. The reduction breaks down to $93,354 in the operating budget and $26,547 in the library grants budget. Since the Library’s 2014 Adopted Budget was based on the state allocation in the 2014 Enacted Budget, if the Governor’s Proposed FY 2015 budget is approved unchanged, the Library would face a revenue shortfall of nearly $120,000.

E-mail alerts have been sent to all System and contracting library trustees and directors advising them of the possible reduction and providing information to allow them to conveniently voice their concerns via tools available at the New York Library Association website www.nyla.org. Background information, charts and graphs were also provided to the Erie County Budget Office to aid their efforts to evaluate the overall impact of the proposed state budget on the County.

B&ECPL will send representatives to join with libraries across the state to meet with their legislators in Albany on February 26, 2014 to explain the impact of these reductions and ask legislators to address this issue.

Overall, state library aid in the FY 2015 Proposed Budget, not adjusted for inflation, would fall to the same level it was in the mid 1990s. While the state budget is not scheduled to be finalized until April 1, 2014, the funding is provided to libraries for calendar year 2014.

5. Facilities

Work on the Central Library 2nd floor west project continues. Asbestos abatement of the space for the new restrooms is complete. Construction of the restrooms, new public meeting room and exhibit space is under way. Construction of these spaces is anticipated to be completed later this spring.

Library maintenance staff are working with City of Buffalo Department of Public Works staff and Cannon Design (hired by the City) to move the Dudley Library improvement project towards bidding. The project will replace the roof, HVAC system, restore brickwork on the front of the building and add windows to provide additional natural light. Computerized HVAC control equipment that will work with both the existing and replacement units have already been delivered and will soon be employed to improve energy monitoring and utilization at the branch.

On another Buffalo Branch initiative, 5 year utility consumption and cost information was provided to Wendel Energy Services, under contract with the City of Buffalo, to explore additional energy saving projects. Information generated by this work can be used to apply for grants to assist in funding future energy saving projects.

At the downtown Central Library Renée Masters, with the assistance of the Graphics Department, created an inviting new look for the Whisper Space quiet study area on the first floor of the Central Library. Quotations and art elements were added to the pillars as well as a large sign bearing the quote “Here is where people one frequently finds, lower their voices and raise their mind” - Richard Armour, in calligraphy with embellishments. Table signs asking patrons to silence cell phones and text only have been distributed as well. Comfortable new seating along with plenty of sunlight, tables and ample electrical outlets make this an attractive area for quiet reading and study.
