

Lake Shore Central School

Recommended Reading List

6-8

What is a recommended reading list?

A recommended reading list is a compilation of titles and authors that are intended to promote good reading habits. There is no greater indicator of a child's academic success than their reading ability.

This reading list is comprised of book lists from the New York State Common Core materials alongside classical and contemporary works; including a variety of genres both fiction and non-fiction. These lists were created for independent student reading to foster life-long readers.

Remember, you may always ask your child's teacher or media specialist to recommend more titles for your child to explore.

Any book that helps a child to form a habit of reading, to make reading one of his deep and continuing needs, is good for him.

–Maya Angelo

Recommended Reading List
