INTRODUCTION

This guide is designed to assist persons researching Canadian genealogy in the Grosvenor Room of the Buffalo and Erie County Public Library. Our collection focuses mostly on the province of Ontario.

Genealogical handbooks, guides, manuals, indexes to record compilations, atlases, maps, gazetteers, surname directories, passenger lists, newspapers, and church records serve numerous purposes and can prove to be invaluable resources to all researchers, regardless of their level of expertise.

Nearly everything listed here can be found in the Grosvenor Room (GRO). Material in the Grosvenor Room does not circulate and cannot be removed from the room. In a few cases, there are duplicate copies of these books that can be borrowed from the General Collection (NON-FICT).

Books are listed in call number order. Shelf locations are always subject to change.

IMMIGRATION, PASSENGER LISTS, NATURALIZATION RECORDS

If your ancestor first arrived in Canada before traveling to Buffalo, here's what you need to know:

Since there is no direct water route from the Atlantic Ocean to Buffalo, immigrants would have first arrived at another port city, usually New York. However, those that traveled to Canada first would have then crossed the border at Buffalo, or somewhere else along the U.S. & Canada border.

Therefore, there are no "passenger lists" for those immigrants, but there may be **border-crossing records**. These border crossings/port-of-entry records are called the "St. Alban's Lists."

Border crossing lists for Buffalo, Lewiston, Niagara Falls, and Rochester, New York are available in the Western New York Genealogical Society microfilm collection, which is housed in the Grosvenor Room (see page 8). These lists, as well as border crossings for other areas, are also available in **Ancestry Library Edition**, a database available at any B&ECPL location (see page 8). To learn more about *St. Alban's Lists* use the following sites:

<http://www.archives.gov/publications/prologue/2000/fall/us-canada-immigration-records-2.html>

Some passenger lists of ships arriving in various Canadian ports and Canadian immigration records are also in the **Ancestry** database.
