Introduction

The Library has acquired over 90 reels of microfilmed sacramental records and a small number of printed records from Baptist, Roman Catholic, Episcopal, Lutheran, Methodist, Quaker, and United Church of Christ churches in the Western and Central New York area. Roman Catholic and Episcopal churches are well-represented. Unfortunately, some denominations are not represented in our collection, most notably Jewish.

This list is arranged in alphabetical order by name of church and includes films owned by the Western New York Genealogical Society (WNYGS). Unless otherwise specified, churches are located in Erie County. All of the items listed here are found in the Grosvenor Room and cannot be borrowed or removed from the room.

Please note:

- The Library's films are shelved in order by **film number**.
- **WNYGS** films are shelved in **alphabetical order** in a separate drawer.

Our staff will happily help you locate the film you need.

In addition to these records, the Library also owns a good number of local church histories, which give significant dates and events in the history of a congregation, often accompanied by pictures and names of prominent members. Most local church histories can be found in the Buffalo collection in the B call number area.
