INTRODUCTION

The Library has over 90 reels of microfilmed sacramental records and a small number of printed records from Baptist, Roman Catholic, Episcopal, Lutheran, Methodist, Quaker, and United Church of Christ churches in the Western and Central New York area. Roman Catholic and Episcopal churches are well represented. Unfortunately, some denominations are not represented in our collection, most notably Jewish.

This list is in alphabetical order by name of church and includes films owned by the Western New York Genealogical Society (WNYGS). Unless otherwise specified, churches are located in Erie County. All of the items listed here cannot be borrowed or removed from the Grosvenor Room.

FAQ: What if I only know the denomination? OR, Just the city or town?

A: We have separate guides that list the records we have by the denomination and also by the County, and then the towns (cities, villages, etc.). Looking at City Directories, Sanborn maps, atlases, and the Church district map (1901) can also help determine which church your ancestor likely attended. A 1901 church map is online at: <https://goo.gl/uW2xkT>.

Please note: Each reel of film may contain multiple churches; please use this guide to see where the records are located.

- **3 Digit Film number** = The Library's microfilms are shelved in order by number, Cabinet 1
- **WNYGS** microfilms are shelved in **alphabetical order** in separate drawers – look for the yellow **WNYGS** labels. Note:

Our staff will happily help you locate the film you need.

In addition to these records, the Library also owns a number of local church histories, which give significant dates and events in the history of a congregation, often accompanied by images and names of prominent members. Most local church histories can be found in the Buffalo collection in the B call number area. We also have some pamphlets, programs, and anniversary publications in the Closed Stacks; see a librarian for assistance.
