

# Fragile Use Items

At System Adult and Youth Outreach Services we are considering purchasing items for Branches to use. Items that Branches cannot purchase on their own for various reasons (price and storage). The items are fragile and would not be something that could be sent in delivery safely. Therefore, these items would have to be picked up and also dropped off to Central by the using Branch. For food items (popcorn machine) it would be expected that you clean the item and supply the food materials. It would be very similar to renting from a party company but without the cost. Before we go forward with this idea we would like feedback from the Branches. If this is not something you see as beneficial, we will use our funds to service you in a different way.

1. Speaker, to play music during big  
events. This would be a HUGE item. We'd  
be more than happy to pick this up lol. 2.  
Canopy, for outside events. 3. Plinko  
Board

Other Comments:

I would probably only  
take advantage of this  
once per year.

this is a great idea :)  
Are cleaning  
procedures going to  
be included in the  
food related items?

We do a patron  
appreciation party  
every year so this will  
save us so much time  
and money. :)

I love this idea. Thank  
you.

Driving to CEN  
wouldn't deter me, but  
I would need to make  
sure the item would fit  
into my car.

Great resource for  
picnics and party type  
events

1. We would rent the Claw machine, only if the claw was large enough to pick up rubber ducks. 2. We would rent the popcorn machine bc it's a great idea, but we already have one lol, but we wanted you to know we love the idea of it!
