COMMUNITY ARTS GRANT

Local Artist, Diane Sypniewski will work with the community to create storybook inspired murals for the library children's room. This grant program is funded by the New York State Council on the Arts with the support of Governor Andrew Cuomo and the New York State Legislature; administered by Arts Services Initiative of Western New York.

Boston Library is very grateful to Senator Patrick Gallivan who secured funding that allows the library to stay current with the latest technology. These funds were used to purchase new laptops and iPads for use in the library as well as purchasing technology utilized in our STEM Maker programming.
