DID YOU KNOW OUR LIBRARY IS IN THE SUSTAINABLE LIBRARIES CERTIFICATION PROGRAM?

Being a part of the Sustainable Libraries Initiative demonstrates our commitment to the people of this community as well as to generations to come.

The certification process will guide us in our policies and practices - from purchasing to programming.

We prioritize social equity, environmental responsibility and economic viability.

In other words - people, planet and pocketbook.

We believe we can create a library that conserves resources and fosters an equitable future for everyone.

The Sustainable Libraries Initiative's Sustainable Libraries Certification Program (SLCP) provides library leaders with a tested, structured path forward to increase your library's commitment to environmental stewardship, economic feasibility, and social equity. Scan the QR Code to learn more.
