

EDEN LIBRARY – INVESTMENT POLICY

I. SCOPE

This investment policy applies to all moneys and other financial resources available for deposit and investment by the Eden Library, hereafter referred to as Library, on its own behalf or on behalf of any other entity or individual.

II. OBJECTIVES

The primary objectives of the Library's investment activities are, in priority order:

- To conform with all applicable federal, State and other legal requirements (legality);
- To adequately safeguard principal (safety);
- To provide sufficient liquidity to meet all operating requirements (liquidity) and
- To obtain a reasonable rate of return (yield).

III. DELEGATION OF AUTHORITY

The Library board's responsibility for administration of the investment program is delegated to the Treasurer of the Library Board of Trustees, who shall establish written procedures for the operation of the investment program consistent with these investment policies. Such procedures shall include internal controls to provide a satisfactory level of accountability based upon records incorporating the description and amounts of investments, the fund(s) for which they are held, the place(s) where kept, and other relevant information, including dates of sale or other dispositions and amounts realized. In addition, the internal control procedures shall describe the responsibilities and levels of authority for key individuals involved in the investment program.

IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Library to operate effectively.

Investments shall be made with prudence, diligence, skill, judgment and care, under circumstances then prevailing, which knowledgeable and prudent persons acting in like capacity would use, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program or which could impair their ability to make impartial investment decisions.

V. DIVERSIFICATION

It is the policy of the Library to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling.

The Library board shall establish appropriate limits for the amount of investments which can be made with each financial institution or dealer, and shall evaluate this listing at least annually.

VI. INTERNAL CONTROLS

It is the policy of the Library for all moneys collected by any officer or employee of the Library to transfer those funds to the Treasurer within 14 days for deposit, or within the time period specified in law, whichever is shorter.

The Treasurer is responsible for establishing and maintaining internal control procedures to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization, properly recorded, and managed in compliance with applicable laws and regulations.

VII. DESIGNATION OF DEPOSITARIES

VIII. SECURING DEPOSITS AND INVESTMENTS

All deposits and investments at a bank, credit union, or trust company, including all demand deposits, certificates of deposit and special time deposits (hereinafter, collectively, "deposits") made by officers of the Library that are in excess of the amount insured under the provisions of the Federal Deposit Insurance Act, including pursuant to a Deposit Placement Program in accordance with law, shall be secured by:

1. A pledge of "eligible securities" with an aggregate "market value" (as provided by the GML Section 10) that is at least equal to the aggregate amount of deposits by the officers.

IX. COLLATERALIZATION AND SAFEKEEPING

Eligible securities used for collateralizing deposits made by officers of the Library shall be held by (the depository *or* a third party) bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities (or the pro rata portion of a pool of eligible securities) are being pledged to secure such deposits together with agreed-upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon a default. It shall also provide the conditions under which the securities (or pro rata portion of a pool of eligible securities) held may be sold, presented for payment, substituted or released and the events of default which will enable the Library to exercise its rights against the pledged securities.

In the event that the pledged securities are not registered or inscribed in the name of the Library, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Library or the custodial bank or trust company. Whenever eligible securities delivered to the custodial bank or trust company are transferred by entries on the books of a federal reserve bank or other book-entry system operated by a federally regulated entity without physical delivery of the evidence of the obligations, then the records of the custodial bank or trust company shall be required to show, at all times, the interest of the Library in the securities (or the pro rata portion of a pool of eligible securities) as set forth in the security agreement.

The custodial agreement shall provide that pledged securities (or the pro rata portion of a pool of eligible securities) will be held by the custodial bank or trust company as agent of, and custodian for, the Library, will be kept separate and apart from the general assets of the custodial bank or trust company and will not be commingled with or become part of the backing of any other deposit or other bank liability. The agreement shall also describe how the custodian shall confirm the receipt, substitution or release of the collateral and it shall provide for the frequency of revaluation of collateral by the custodial bank or trust company and for the substitution of collateral when a change in the rating of a security causes ineligibility. The security and custodial agreements shall also include all other provisions necessary to provide the Library with a perfected security interest in the eligible securities and to otherwise secure the Library's interest in the collateral, and may contain other provisions that the Library board deems necessary.

As provided by General Municipal Law Section 11, the Library Board of Trustees authorizes the treasurer to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

The treasurer shall evaluate the financial position and maintain a listing of proposed depositories.

The Library shall maintain a list of financial institutions approved for investment purposes and establish appropriate limits to the amounts of investments that can be made with each financial institution.
