### GRAND ISLAND MEMORIAL LIBRARY REOPENING PLAN

The Grand Island Memorial Library, a member of the Buffalo & Erie County Public Library System (B&ECPL), has formed a plan and put precautions in place for staff members as well as our community to minimize the risk of infection while strategically scaling operations. This plan does not need to be submitted to a state agency for approval but must be retained on the premises of the business and must be made available to the New York State Department of Health (DOH) or local health or safety authorities in the event of an inspection.

#### I. NEW YORK STATE REOPENING PLAN

##### A. New York Forward

Governor Andrew Cuomo of the State of New York has developed *New York Forward: a Guide to Reopening New York & Building Back Better* as a plan which focuses on getting people back to work and easing social isolation, without triggering renewed spread of the Coronavirus (COVID-19). He has indicated New York will reopen on a regional basis as each region meets the criteria necessary to protect public health. A *New York Forward* Reopening Advisory Board has been created with representatives from Western New York.

Once the criteria have been met regionally, businesses may be able to open following the strategies as determined by the State of New York as set forth below:

**1. Centers for Disease Control and Prevention (CDC) Guidelines:**  
Based on CDC recommendations, regions must experience a 14-day decline in hospitalizations and deaths on a 3-day rolling average. Regions with few COVID-19 cases cannot exceed 15 new total cases or 5 new deaths on a 3-day rolling average. A region must have fewer than 2 new COVID-19 patients admitted per 100,000 residents per day.

- 2. Phasing Strategy in Accordance with the Governor of the State of New York (5/4/2020):**
- **Phase One:** Construction, manufacturing and wholesale supply chain, select retail using curbside pickup only;
  - **Phase Two:** Professional services, finance and insurance, retail, administrative support, real estate and rental leasing;
  - **Phase Three:** Restaurants and food service, hotels and accommodations;

## Grand Island Memorial Library

- **Phase Four:** Arts, entertainment and recreation, education.
3. “Business Precautions” per New York State as of 5/4/2020:  
Each business and industry must have a plan to protect employees and consumers, make the physical work space safer and implement processes that lower risk of infection in the business.
- Adjust workplace hours and shift design as necessary to reduce density in the workplace;
  - Enact social distancing protocols;
  - Restrict non-essential travel for employees;
  - Require all employees and customers to wear masks if in frequent contact with others;
  - Implement strict cleaning and sanitation standards;
  - Enact a continuous health screening process for individuals to enter the workplace;
  - Continue tracing, tracking and reporting of cases; and
  - Develop liability processes.

### B. Other Considerations

Western New York, per Governor Andrew Cuomo, may enter Phase I of *New York Forward*, effective **5/19/2020**.

In addition, it must be noted that a multitude of studies have been released in an effort to provide guidance for reopening based on “science-driven data.” On 4/18/2020, the Johns Hopkins Center for Health Security issued a report offering science-based guidance for state officials including governors on how to safely reopen communities. The report offered a risk assessment for various types of businesses and public spaces, with advice on how to best ease out of social distancing without creating a spike in coronavirus cases. The 4/18/2020 report listed libraries as a “low risk” entity for the spread of the coronavirus. This report was amended on 4/20/2020 stating that “libraries that incorporate social activities or community gatherings into their services should refer to the ‘community centers’ category” which subsequently changed the risk factor to moderate.
