BUILDING & GROUNDS UPDATES

- 10/16, A Trane technician installed the Tracer Summit software (ver. 17, service pack 18) on the replacement HVAC monitor/control PC.
    - This software allows caretakers and HVAC technicians to monitor and manage various aspects of the buildings HVAC system.
    - Following the software installation, Caretaker Eric Szymborski used the software to switch the system from summer cooling mode to winter heating mode.
