Additional Board discussion on our public libraries' Statistics. The common problem among many libraries across the country of declining patron visits and circulation numbers has prompted our library system’s leaders to look for other ways of measuring how members of the public use library materials and interact with library staff members. Our own Town Public Library Board members have regularly questioned the declines we have been seeing over the past couple of years in our patron visits and circulation numbers.

Director Darden told us that our library system’s leaders have been piloting new ways to measure how patrons use libraries and how library staff members interact with members of the public in ways not reflected in the usual patron count/circulation numbers. The new ways of measuring, called LIBSTATS, will begin in earnest in all of the system’s libraries in January 2016. Staff members will be recording on many more dimensions of library activity, including registering phone calls from patrons, requests for FAX services, and requests for help with copy machines. Such recording of various
activities will take more time for staff members to do, but the gain in data about library use and library staff actions should result in more fundamental knowledge about how our patrons are using the materials and services, and better show the value of the libraries for patrons.

UNFINISHED BUSINESS:
2013-2014 New York State Library Construction Grant.
Director Darden reported that Parise Mechanical had been working on the punch list of items that remained for Parise to complete. Painting work was among the items that remained to be completed. Jim Abramo from the Town met with representatives from National Grid and Siemens to get Kenmore Library’s control system working more efficiently. Siemens will do the work and the Town will pay the costs. National Grid agreed to re-locate the outside pole in order to provide better access to get wires to the Kenmore Library building. National Grid will do that work at its own expense.

Director Darden contacted the Town about getting an extension for completing all the work for the 2013-2014 grant. Sue Barnes, the Town’s grant writer, contacted the State and received an extension until June 30, 2016.

NEW BUSINESS
Nominating Committee
Annette Della Posta, Laura Glass, and Eileen Crawford, our Board’s Nominating Committee, recommended a slate of officers for the 2016 year, except for a Secretary. Each of the current officers gave a summary of what tasks they do as an officer.

Rick Geer accepted the nomination for Chair, and Stan Pustulka accepted the nomination as Treasurer. Annette Della Posta volunteered to accept the nomination as the Vice-Chair. Jeanne Phillips volunteered to be the Secretary. Eileen Crawford volunteered to fill in as Secretary when needed.

Secretary Aronoff will present the full slate for a vote at the January 2016 meeting.

Report from the Association of Contract Library Trustees Meeting held at the Julia Boyer Reinsein Library on December 5, 2015.

Director Darden, Laura Glass, and Stan Pustulka attended the meeting.

Laura Glass mentioned that at the meeting it was suggested that the ACT body set some goals for 2016, including doing more publicity on advocacy for the libraries.

Director Darden noted that Jerry Nichols presented a new edition of the Handbook for Trustees that he authored. Mr. Nichols provided a lot of useful information for Trustees, including the need to hire outstanding Directors for each library, and to be sure that, as
Trustees, we work closely with the Directors as a team in the best interests of the libraries and patrons.

System Director Mary Jean Jakubowski said that the Erie County budget, including the increase for the public library system, was approved. She urged ACT members to advocate for the State’s restoration of $102,600,000 for libraries across the State. She also urged people to be sure to see Milestones of Science exhibit at the Central Library.

Mary Jean recommended that each library make a list of individuals, groups, and organizations with whom people in the libraries worked over the past year. Each library in the system should have people and groups to recommend for the list, a list that could be used in our advocacy efforts.

Our Town Public Library Board Trustees’ dues to ACT are to be paid in January 2016, and each Trustee’s conflict of interest forms are to be signed in January 2016.

PUBLIC COMMENT:
None.

A motion to adjourn was made by Eileen Crawford and seconded by Laura Glass. Motion passed. Meeting adjourned at 7:46 pm. The next meeting of the Town of Tonawanda Public Library Board will be on January 12, 2016.

Respectfully Submitted,

Jason Aronoff, Secretary
