

Home Internet Setup Class

Wednesday, June 15

2 - 4 P.M.

Curious of how to get internet into you home? This class will help you learn the steps to connect to the internet.

Learn ...

- What is an ISP?
- Picking a plan.
- Related equipment.
- Types of Internet connections.
- Public vs. Private.
- TV stations.
- Printers.

Useful for first-time internet users as well as those wishing to know more about choosing a correct plan, wireless equipment, and internet options.
