

**Town of North Collins Public Library
Strategic Plan
2020-2025**

Mission Statement

The Town of North Collins Public Library aims to provide an opportunity for learning, recreation and personal growth for all the people of North Collins through the resources and personnel of the public library.

Vision

The Town of North Collins Public Library will be a gathering place where all citizens of the Town of North Collins and Erie County as a whole will feel welcome. The Library space will be a place where they can learn new things, and feel comfortable to explore ways to enhance their knowledge. The library will be a community gathering space where people can gather and interact with others, and enhance their quality of life.

Goals

- I. The library will continue to provide our core services as a lending library offering books, DVD's and other materials for the community. We will also offer access to the internet and offer up to date technology for the community. We will explore ways to enrich our collection and expand to new areas as things become available.
- II. The library will hire and train qualified staff members who can assist those in the community with their library needs. To achieve this, we will hire staff with a wealth of skills that they can provide for the diverse needs of our community.
- III. The library will be a gathering space where many events are held to enhance the knowledge of people in our community. To achieve this, we will continue to offer high quality programming on an array of topics that are in the interest of members of our community.
- IV. Ensuring that our facility is sufficient to the needs of our community, every effort will be made to update, upgrade and expand the library as deemed necessary.
- V. Engage and consult with community members to ensure that we are meeting our expectation of service.

Adopted by the North Collins Public Library Board of Trustees on August 5, 2020.
