Treasurer’s Report:
The Treasurer’s Report was given by Jack Hinners. The increase in the garbage collection bill will be reviewed with the town. Ann Marie Newbury moved to approve the report, seconded by Doug McFarland. Motion carried.

Contracting Library Financial Report:
Peggy Errington reported that there is currently a deficit due to lack of income normally generated by fees and fines which have been reduced due to hold fees that are no longer charged to encourage circulation. Fines revenue has also been impacted by the youth program to read down fines. Read Down Your Fines has been extended to all year instead of just a summer program. Fewer items have been circulating as patrons remain cautious in returning to the library, resulting in fewer items generating overdue fines. Central is holding us harmless for the current projections and will rebalance in July. Jack Hinners moved to approve the report and was seconded by Peggy Snajczuk. All approved.

Librarian Report:
Peggy Errington reported that in April, on-site in-person programming began again with limited reservations and proper distancing. Storytime resumed outside under the tent. The quarantine of books is now over. Library materials may now be returned at the service desk. Returned library materials are checked back in on the date they are returned. The Friends volunteers may return for service and donations may resume with quantity limits once the Friends of the Library submit their safety plan. Doug McFarland moved to approve the report, seconded by Ann Marie Newbury. All approved.

Building & Grounds Report:
Peggy Errington reported that the first of 3 boiler checkups by MJ Manufacturing was completed successfully. Annual fire inspection was completed, and two fire extinguishers were rebuilt. These inspections are covered under the town’s maintenance contract. The air filters were changed to MERV13 filters. Use of MERV 5 filters may be substituted once COVID-19 concerns have eased. COVID-19 cleaning/disinfecting protocols continue to be followed. Caretaker Robert Benning has replaced the toilet handle and the toilet diaphragm in the family restroom. Doug McFarland made a motion to approve the report and was seconded by Jack Hinners. All approved.

ACT Meeting:
Peggy Snajczuk report that ACT general meeting was held at the end of March. The results of the survey of the ACT members were presented along with a presentation on minimum standards. In-person meetings may resume again. Doug McFarland moved to approve the report and was seconded by Jack Hinners. All approved.

Friends of the Library:
Peggy Errington reported that the Friends group may resume limited service and accept a limited quantity of donations once a safety plan is completed. Donations will need to be limited so that the limited number of volunteers are not overwhelmed. No more than one volunteer will be permitted in the sorting room at a time. Plans to hold a future book sale will be considered. No vote was taken for this report.

Other

and the chairs used at computer stations. 28 chairs for use at tables, 22 computer chairs and 4 computer desks will be requested through the grant. Shelving for the book sale area, CD trays to replace a spinner rack and also a pop-up tent for outdoor programming are also being requested through the grant. The purchase will be coordinated through the Central Business Office. The Orchard Park Public Library will be responsible for 25% of the cost of the furniture and the grant will cover the remaining 75%. Once new furniture is received, existing furniture possessing county asset tags will be picked up and sold at the county auction.
